PODERE FIORE

In the hills of **Casentino**, not far from **Talla** and **Castel Focognano**, 6.0-hectare **podere** with **farmhouse** to be renovated for sale. The main building (230 sqm – 2,475 sqft) is the classic rural property divided into cellars (basement and ground floor) and farmer's house (first floor), entirely to be renovated. The outbuilding (30 sqm – 323 sqft) is located next to the farmhouse and could be converted into a convenient garage.

Given the need for substantial recovery and renovation works, with the opportunity one could also think of a complete reorganization of the interior spaces that would allow the creation of up to 6 bedrooms and 4 bathrooms.

The land included in the property constitutes a single body of almost **6.0 hectares (14.8 acres)**: the agricultural land is mostly arable land (about 4.0 ha mostly to be recovered) while the remaining area is devoted to mixed forest (2.0 ha).

Because of its characteristics this property could be greatly enhanced with a renovation, the land around the farmhouse could be recovered and used as a park in which a swimming pool would find its ideal location. The presence of agricultural land and its nature would also allow the development of a small farm and/or Agriturismo.
